

DEVARAJ S

Full Stack Developer | MERN Stack | Next.js | Flutter | AWS

 Portfolio  LinkedIn  GitHub  devarajsubramani20@gmail.com  +91 9894880175

PROFESSIONAL SUMMARY

Full Stack Developer specializing in the **MERN stack** with hands-on experience building, testing, and deploying scalable web and mobile applications. Proficient in **Flutter** cross-platform mobile development, **CI/CD** via GitHub Actions, and cloud deployments on **AWS**, focused on solving real-world problems through clean, efficient code.

TECHNICAL SKILLS

Languages	Java, C, SQL, JavaScript, TypeScript, Python, Dart
Frontend	React.js, Next.js, HTML5, CSS3, REST API Integration
Backend	Node.js, Express.js, FastAPI, JWT Authentication
Mobile	Flutter, Dart, React Native
Databases	MongoDB, MySQL, PostgreSQL, Supabase
Cloud & DevOps	AWS (EC2, S3, Lambda), Docker, CI/CD, GitHub Actions, Linux
Tools & Version Control	Git, GitHub, Postman, VS Code, Android Studio, LM Studio

EDUCATION

2023 – 2027	Bachelor of Engineering, Computer Science and Engineering Dr. N.G.P. Institute of Technology, Coimbatore	CGPA: 8.01
-------------	--	------------

WORK EXPERIENCE

Software Development Intern *SkyLena Info Technology Pvt. Ltd. | June 2025 – July 2025*

- Engineered **QuickBuy**, a full-stack e-commerce web application featuring product browsing, cart management, and an end-to-end order flow using **HTML5**, **CSS3**, and **JavaScript**, reducing manual shopping workflow time by over **60%** compared to the prior process.
- Delivered **responsive, cross-browser-compatible** UI components that improved interface accessibility across all major browsers.

TECHNICAL PROJECTS

The Smart ATM — Cardless Cash Withdrawal System  *React.js, Node.js, Express.js, MongoDB, Twilio API, JWT*

- Architected a secure, full-stack banking web application enabling cardless withdrawals via **OTP-based two-factor authentication**, integrating the **Twilio REST API** for real-time SMS delivery.
- Designed a **RESTful API** backend with **Node.js/Express.js** and **MongoDB schema design**, enforcing daily transaction limits, **JWT session management**, multi-step OTP verification, and input sanitization, reducing unauthorized-access risk by **90%** in penetration tests.

SmartEco — AI-Driven Campus Resource Optimizer  *React.js, FastAPI, Python, Random Forest, REST API*

- Built a full-stack sustainability platform with a **React.js** frontend consuming a **Python FastAPI** REST API, integrating a **Random Forest ML model** that achieved **87% prediction accuracy** for forecasting campus energy and resource consumption.
- Engineered a real-time environmental monitoring dashboard with dynamic **data visualization** (charts and trend graphs), reducing manual resource-audit time by **40%** for campus administrators and cutting weekly reporting overhead by **3 hours**.

StudentBuddy — AI-Powered Smart Mentoring Platform  *Flutter, Dart, React.js, TypeScript, Node.js, Supabase, LLM Integration, JWT*

- Developed a cross-platform mentoring application with a **Flutter (Dart)** frontend backed by **Supabase**, enabling **real-time one-to-one messaging** and unit-tested with **40+ live users**.
- Integrated a locally hosted **LLM** (via LM Studio) as an AI chatbot delivering **context-aware academic responses** with a **privacy-first architecture**.
- Designed a **RESTful API** with **Node.js** enforcing **JWT authentication**, multi-role access control (student / mentor / admin), and relational **database schema design** for user relationships.

CERTIFICATIONS & ACHIEVEMENTS

- Generative AI: Working with Large Language Models** – May 2026
- Cloud Computing** – NPTEL, 2024
- Industrial IoT** – NPTEL, 2025
- Smart India Hackathon (2023 - 2024)** – Selected in the **First Round** in both **2023** and **2024** editions, advancing through internal institutional screening among competing student teams.
- MSME Idea Hackathon 5.0 (2025 - 2026)** – Advanced to the **Final Round** and were **shortlisted for project selection** by MSME evaluators, representing one of the top teams from the national-level competition.
